Dear customers,

We would like to inform you about upcoming changes that will come into effect on May 02, 2024.

Due to various factors, we are forced to adjust our recommended retail prices (RRP plus VAT) for items in our "Fascination Fittings 04" catalog. This adjustment will include an increase of 7%. It is the result of increased costs for energy, production and logistics.

We are aware that the price adjustment is an important issue and we would like to assure you that we have not taken this decision lightly. However, our top priority remains to provide high quality products and services that meet the needs of our valued customers and partners.
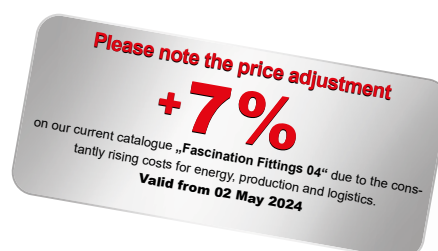

To make it easier for you to keep track of the current price adjustments, you will find below the possibility to download and print the accompanying letter including the information sticker and attach it to your "Fascination Fittings 04" catalog in a clearly visible place. This simple but effective measure will help you and your customers to always have the latest price information to hand. You can also easily download the sticker by clicking on it.

In addition, the new interactive catalog "Fascination Fittings 04" will be available for download on our website from May 2, 2024. This already includes the price adjustment of 7%.

We would like to thank you for your continued support and will be happy to answer any questions or provide further information. Your satisfaction and the trust you place in our company are of the utmost importance to us.

With kind regards,

Your Süd-Metall Team

Please note the price adjustment
+7%
on our current catalogue „Fascination Fittings 04" due to the constantly rising costs for energy, production and logistics.
Valid from 02 May 2024

Dear customers,

Please print out this sticker and attach it visibly to your „Fascination Fittings 04" catalogue. This simple but effective measure will help you and your customers to always have the latest price information to hand.

Thank you very much!

Your Süd-Metall Team

Please note the price adjustment

+7%

on our current catalogue **„Fascination Fittings 04"** due to the constantly rising costs for energy, production and logistics.
